

Register now for AEE Utah's Annual Symposium Sept. 19th 7:30 am to 1:30 pm

Utah
Chapter

Electrifying the Beehive State: Current Trends and Future Prospects of Electrification

Annual Symposium & Energy Champions Awards

Breakfast 7:30 - 8:00 Included

Lunch 12:00 - 1:30 Included

Karen Gail Miller Conference Center

9750 S. 300 W., Sandy, Utah

Track 1 Speakers & Panel Discussion 8:00 am - 11:45 am: Electrification and Energy Efficiency

Electrification 101 | **Chris Benson**, Bernhard

Heating Systems Electrification in Utah | **Roger Hamlet**, Colvin Engineering

Booster Systems for Heat Pumps | **Shawn Ameri**, Norman S. Wright

Electrification in Municipal Projects | **Whitney Ward**, VCBO

Track 2 Speakers & Panel Discussion 8:00 am - 11:45 am: Energy Costs, Storage and Supply

Flywheels, Unlocking the Value of Energy Storage | **Patrick Reedy**, Torus

Energy Storage Case Studies | **Bob Vorwald**, Formerly Utah Yamas

Do Heat Pumps Cost More in the Real World? | **Justin Owen**, Weber State University

Demand Response Programs Applications | **Sunny Devnani**, KW Engineering

Keynote Speaker & Awards 12:00 pm - 1:30 pm:

Blake Ellis, Burns & McDonnell/ASHRAE Decarbonization Task Force

Building Decarbonization, Leading with Action

Learn about decarbonization terminology, possibilities for near-zero emissions, steps on the pathway to decarbonization, the progress of building decarbonization, role of the electric grid & building embodied carbon, global building decarbonization issues and ASHRAE's involvement during this overview from an industry leader.
